

e-Filing of EXIM locations CONCOR

Introduction

CONCOR has started, E-filing software for EXIM locations, which is a web based application software. This will be operational for importer/exporter/shipping agent/JV's and will be utilized at all EXIM locations of CONCOR.

The objective of this software is to provide single platform for entire import/export trade to perform online all their commercial transactions with the terminals, and from anywhere. This will in turn provide the trade savings in terms of time, energy and at the same time faster clearance of containers.

Through this software, any importer/exporter/shipping agent/JV's/Other's can file their documents including billing and take necessary print out's. Various Queries and Reports are also part of this web based software, to keep track of containers at every stage and also to find out due amount to be paid to CONCOR.

Application Details
